Our government not only speaks but also takes action: Dilip Ghosh

Kolkata: Bharatiya Janata Party leader Dilip Ghosh on Friday said in the context of the Pahalgam attack that Prime Minister Modi and Union Home Minister Amit Shah do not just talk, but also show by doing. After Sardar Patel, people had forgotten that there is a post of Home Minister in the country, but the way strict action was taken against terrorists under the leadership of Prime Minister Narendra Modi, people realized the post of Home Minister. The BJP leader said these things while talking to journalists while reacting to the statement of Union Home Minister Amit Shah, in which he had said that terrorists

will be completely destroyed under the leadership of Prime Minister Modi. They will not be spared at any cost. Now the time has come to kill terrorists by entering their homes. Apart from this, BJP leader Dilip Ghosh also reacted to the statement of All India Majlis-e-Ittehadul Muslimeen President Asaduddin Owaisi, in which he said that the central government is saying that we will take strict action against the terrorists, we will not spare them at any cost, but I want to make one thing clear that if the central government is unable to take any strict action against the terrorists, then BJP will enter their house. Dilip Ghosh

reacted sharply to this statement of Owaisi and said, "What will happen?" Leave that aside. Just see what the BJP government has done against the terrorists. He asked the question, who took action against terrorists in the last 75 years? Who eliminated the

terrorists? The answer is very clear, the Modi government did it. You see that till now Prime Minister Modi has not even said that we will attack Pakistan. But, even before that there is chaos in Pakistan. People there are in fear. Pakistan is now slowly becoming empty. All the ministers there are now leaving for foreign countries. In this way Pakistan is becoming empty. Pakistanis are not able to understand what to do. The BJP leader took a dig at the current situation in Pakistan and said that when a ship sinks, the rats are the first to run away. The current situation in Pakistan remains the same. All the rats are running away now. Let us tell you that on 22 April, terrorists attacked tourists in Pahalgam, Jammu and Kashmir. All these tourists were from different states of the country. Lashkar-e-Taiba took responsibility for this attack. After this terrorist attack, the Modi government at the Center took strict action against Pakistan and first suspended the Indus Water Treaty of 1960. After this, all Pakistani citizens living in India were asked to leave the country. Apart from this, the central government cut its diplomatic relations with Pakistan and ordered to reduce the number of employees from the Pakistani High Commission in Delhi.

(Lucknow) If the intentions of Congress-BJP were clear towards Bahujan, then OBC society would have had proper participation in the development of the country: Mayawati

Lucknow: Bahujan Samaj Party (BSP) national president Mayawati has attacked the caste census. She said that if the intentions and policies of Congress and BJP etc. were clean towards the Bahujan Samaj, then the OBC society would have become a proper partner in the development of the country. BSP chief Mayawati wrote on the social media platform X on Friday that after saying no for a long time, now the decision of the Center to conduct caste census along with the national census has led to a race by BJP and Congress etc. to take credit for it and prove themselves OBC friendly, whereas due to their anti-Bahujan character

this society is still backward, exploited and deprived. She wrote that if the intentions and policies of Congress and BJP etc. were clean towards the Bahujan Samaj, then the OBC society would have become a proper partner in the development of the country, due to which the mission of 'self-respect and self-esteem' of their messiah, the most revered Babasaheb Dr. Bhimrao Ambedkar

would have definitely OBCs and Bahujan. Before this, Mayawati said that the decision taken by the Central Government today to conduct 'caste census' along with the basic census in the country is a step taken much later in the right direction. It is welcome. BSP has been demanding this for a long time. It is hoped that the government will definitely get this decision of 'people's welfare through census' completed on time. It is known that since the decision of the Central Government regarding caste census, there has been a competition among the opposition parties to claim this issue as their own. Especially SP and BSP are busy cornering the government on this issue.
