

हिटमैन का टेस्ट सफर: उत्तर-चट्टाव से भरा रोहित शर्मा का यादगार करियर

नई दिल्ली। जब कोई भारतीय टेस्ट क्रिकेट का जिक्र करता है तो विश्व क्रिकेट, सचिन तेंदुलकर, राहुल द्रविड़, चेतेश्वर पुजारा जैसे नाम सबसे पहले आ आते हैं लेकिन, रोहित शर्मा, जिन्हें दिनिया 'हिटमैन' के नाम से जानी है, का टेस्ट करियर भी कुछ क्रम विलियन्स नहीं रहा। अब जब उन्होंने टेस्ट करियर से संन्यास ले लिया है, तो उनके सफर पर एक नज़र डालना जरूरी है, जो संघर्ष, वापसी और अंत में एक मजबूत ओपनर बनने की कहानी कहता है।

दूर से मिली शुरूआत, पर छाप छोड़ी- रोहित ने 2007 में इंटरनेशनल डेंगो क्रिकेट में उन्होंने टेस्ट कैप उन्हें संन्यास ले लिया है, जो उनके सफर पर एक नज़र डालना जरूरी है, जो संघर्ष, वापसी और अंत में एक मजबूत ओपनर बनने की कहानी कहता है।

और टेस्ट करियर की शुरुआत धमकेदार की।

धर पर खुब चला बल्ला, बाहर गिरा औसत- अगर बात धर के मैदानों की करें, तो रोहित का बल्ला जमकर बोला। भारत में खेले 34 टेस्ट में उन्होंने 51.73 की औसत से 2,353 रन बनाए, जिसमें 18 और 28 अंशस्तक शर्मिल हैं। 2019 में जब उन्हें टेस्ट ओपनर बनाया गया, तब उन्होंने साउथ अफ्रीका के खिलाफ 176 और 127 की पारियों से सभी को चौका दिया। रोंगी में 212 रन का स्कोर उनका टेस्ट करियर का सर्वश्रेष्ठ रहा। विदेशों की पिचों पर कहानी कुछ और

रही। 33 टेस्ट में उन्होंने सिर्फ 1,766 रन बनाए, औसत महज 30.98 रहा। सेना देशों (साउथ अफ्रीका, इंग्लैंड, न्यूजीलैंड, औस्ट्रेलिया) में उनका औसत और भी नीचे, सिर्फ 28.17 रहा।

ओपनर बनने के बाद बदला ग्राफ-मिडल 10.1 औंडे-में रेकर्ड 2013-18 तक रोहित ने 28 टेस्ट में सिर्फ 1,585 रन बनाए। लेकिन जब उन्हें आपने बनाया गया, तब उनके प्रदर्शन में स्थिरता दिखने लगी। उन्होंने उस रोल में 2,674 रन बनाए, जिसमें सात शतक भी शामिल हैं। हालांकि विदेशों में उन्होंने रोहित को बाद भी औसत 96.33 रहा। इंग्लैंड के खिलाफ भी उनका रिकॉर्ड अच्छा रहा। 14 टेस्ट में 1,147 रन, चार शतक शामिल रहे। साउथ अफ्रीका, न्यूजीलैंड और ऑस्ट्रेलिया के खिलाफ उनका प्रदर्शन ठीक-ठाक रहा, लेकिन वह लगातार अच्छा रही कर सके।

एक असूरी किंवदंति- रोहित शर्मा का टेस्ट करियर 'व्या होता अगर' की एक लंबी लिस्ट छोड़ता है।

कपान के तौर पर मिली-जुली तस्वीर- धरेलू मैदान पर रोहित ने कपानी

करते हुए 16 टेस्ट में 10 जीते, लेकिन न्यूजीलैंड के खिलाफ 3-0 की शर्मनाक हार उन्होंने कार्यकाल का सबसे बड़ा झटका रही। विदेशी सरजर्मी पर उन्होंने सिर्फ दो टेस्ट जीते, और सेना में सिर्फ एक। बल्लेबाज के रूप में कपान हरहते हुए उनका औसत विदेश में गिरकर 14.90 तक चला गया।

किन विरोधियों के खिलाफ चमके रोहित- वेस्टइंडीज़ रोहित की फेवरेट विरोधी टीम रही है। इस टीम के खिलाफ 6 टेस्ट में 578 रन, तीन शतक और औसत 96.33 रहा। इंग्लैंड के खिलाफ भी उनका रिकॉर्ड अच्छा रहा। 14 टेस्ट में 1,147 रन, चार शतक शामिल रहे। साउथ अफ्रीका, न्यूजीलैंड और ऑस्ट्रेलिया के खिलाफ उनका प्रदर्शन ठीक-ठाक रहा, लेकिन वह लगातार अच्छा रही कर सके।

अरसीबी में लौटे मयंक अग्रवाल- बैंगलूरु के स्थानीय खिलाड़ी ने देवदत्त का इस स्टेज पर बाहर होना बेकड़ दुर्भाग्यपूर्ण है, खासकर जब उन्होंने इस सीज़न में लाखादार प्रदर्शन किया है। हम उन्हें देवदत्त का इस स्टेज पर भी अधिक सम्मान देना चाहते हैं। मयंक ने अब तक 12 आईपीएल मैच खेले हैं, जिनमें

आरसीबी ने देवदत्त पड़िकल की जगह मयंक अग्रवाल को टीम में किया शामिल

On Thursday, 5 more bodies were recovered from the rubble, taking the death toll to 8. Administrative staff and rescue teams remained engaged on the spot on Thursday morning, but till now it is not clear how many more people are trapped inside. On the other hand, former CM Ashok Gehlot wrote on X handle - Deeply saddened to hear the news of the tragic death of 9 people due to gas cylinder explosion in Bikaner. My deepest condolences to the families of the deceased. May God give them the strength to bear this unbearable grief in this difficult time. I wish the injured a speedy recovery. Bikaner trembled with the blast. Whoever heard the sound of the blast shuddered. A shopkeeper

said, the blast was so powerful that for a moment it felt as if there was an air strike. People living near the market could not understand in the beginning what had happened. In no time, the entire basement and its two floors were razed to the ground. Smoke, screams and dust covered the streets. 2 Difficulties in rescue, bodies buried in the debris. The blast in the basement has made the rescue operation even more difficult.

Teams of NDRF, Civil Defence and Fire Brigade are working continuously, but debris and unstable structures are coming in the way at every step. Officials say that there is still no clarity about the number of people trapped inside. There is a constant fear of finding bodies while removing the debris. A network of illegal cylinders in the jewellery market This market was the centre of jewellery making in Bikaner. There were about 25 shops here, where thousands of gold jewellery were made every day. According to information, the shopkeepers used to work with illegal gas cylinders meant for domestic use, which is a clear violation of safety standards. The administration has now ordered an inquiry as to how gas cylinders were being used on such a large scale. Gold worth lakhs buried in the rubble. The blast not only took away lives, but also reduced the hard work of the traders to ashes in a few seconds. Shopkeeper Vikas Soni said, there was about 160 grams of gold in my shop, all of it got buried in the rubble. If I had reached 10 minutes earlier, I might not have survived either. He further said that on an average, every shop had more than 100 grams of gold. In such a situation, property worth lakhs of rupees is buried under the rubble, whose security and recovery is also a big challenge for the administration. The administration is under fire. The question that is being raised is who is responsible for such a big accident? Was the administration not aware of the use of this illegal cylinder? If there was, then why was no action taken? And if there was not, then who will accept the failure of the regulatory system? So far the administration has ordered an inquiry, but when will the traders and the families of the deceased get justice and compensation, this question remains.
